### MEET ROBERT ROBINSON . . .

Encouraged by his parents, a north side Minneapolis pastor and a church soloist, Robert Robinson began singing with the *Robinson Children* at age six.

By the time he was fifteen, he was conducting a church choir; and in his twenties started a gospel choir that grew into the hundred-voice Twin Cities Gospel Choir, called “the state’s most decorated group.”

Since then Robert has gone on to become a renowned performer, workshop leader and recording artist, sharing his rich, powerful voice, exuberant gospel style, and message of love and hope with audiences nationwide

Robert is a brilliant teacher. With his engaging humor, achingly sweet voice and amazing range (from bass to soprano), he will sing along with you as you learn your part easily in traditional gospel style—by ear.

And the lively keyboardist and section leaders of his performing troupe help make learning gospel music easy—and FUN!
